RESEARCH PROJECTS

Student Researcher at the University of Michigan CS&ED Research Group	01/2026 – 06/2026
• <i>Peer Instruction</i> – Conducted interviews with post-secondary faculty to understand their challenges in adopting Peer Instruction. – Worked on the user experience for students who use the interactive textbook platform Runestone Academy.	
Student Researcher at Critical Participatory Action Research Course (led by Dr. April Baker-Bell)	01/2026 – 05/2026
• <i>BMEA Youth Leadership Development Program</i> – Conducted focus groups with the parents of fellows in the program to understand the impact of BMEA initiatives. – Worked alongside a collective of researchers to code interviews and memos on initial findings.	
Undergraduate Researcher at Clemson University Human and Technology (HAT) Lab	01/2025 – 05/2025
• <i>Human-Centered AI Systems</i> – Coded and synthesized human-centered AI research to identify patterns in human participant characteristics, study methodologies, and evaluation practices. • <i>Computing Education Pedagogical Approaches</i> – Applied grounded theory methods to analyze instructor interviews across R1 institutions. – Synthesized findings to inform evidence-based recommendations for equitable pedagogical approaches.	

TEACHING

Co-Instructor at Black Girls Code	05/2026 — 07/2026
• Co-instructor for 25 students aged 9-15 in computer science concepts and beginner game design.	
Undergraduate Teacher Assistant at Georgia State University <i>Introduction to Python Programming 2 & Software Engineering Capstone</i>	09/2023 — 05/2025
• Worked with professors to manage grading and office hours sessions for course sizes of 100-200 students.	
Mathematics Student Assistant at Georgia State University <i>College Algebra</i>	09/2021 — 05/2022
• Delivered 1:1 tutoring for recession courses to over 300 students.	
Mathematics Tutor <i>Elementary Math, Geometry, and High School Algebra 1&2</i>	10/2020 — 04/2022
• Taught K-12 students at local community centers & virtual zoom environments.	

MENTORSHIP & OUTREACH

- **Program Assistant**, University of Michigan, Rackham PACE (Rackham Merit Fellowship) 05/2026 — Present
Designed the Canvas page for newly admitted master's and doctoral students.
- **Advisory Board Member**, Alliance for Interdisciplinary Innovation in Computing Education 03/2025 — Present
- **Ambassador**, University of Michigan, Rackham PACE (MSI Connect) 10/2025 — 05/2026
- **Program Coordinator & Founder of Stars**, RISE in Computing 05/2023 — 05/2025
Created a network of 50+ freshmen Black women, 25+ junior/senior Black women to increase retention through community-centered projects and research.
- **Mentor**, IAMSTEM 05/2025 — 07/2025
Led weekly sessions with high school students to share guidance on computer science.
- **Executive Board Member**, National Society of Black Engineers (NSBE) 09/2023 — 06/2024
Served as the graphic designer to create media and communications on programming and events for students.

INTERNSHIPS

- Lawrence Livermore National Laboratory**, *Machine Learning Researcher* 05/2025 — 08/2025
Data Science Summer Institute (DSSI)
Developed deep learning models for low data volumes to inform stakeholders of potential solutions.
Tools: Python (PyTorch, Sklearn)
- Microsoft**, *Software Engineer* 06/2024 — 09/2024
Collaborated on user interface design and optimized cloud-based application integration.
Tools: TypeScript
- Collins Aerospace**, *Software Engineer* 01/2023 — 08/2023
Improved developer efficiency and software quality through automated scripting.
Tools: Python (Matplotlib, Pandas, Numpy), C++
- Georgia Community Action Association**, *Data Analyst* 05/2022 — 01/2023
Presented data models and outcomes for informed decision-making.
Tools: Python, Tableau

AWARDS & FELLOWSHIPS

- Graduate Research Fellow, National Science Foundation (**18%** acceptance rate - NSF GRFP) 2026
- GEM Fellow, The National GEM Consortium 2025
- Rackham Merit Fellow, University of Michigan 2025
- Outstanding Senior Award in Computer Science, Georgia State University 2025
- FOCUS Scholar, Georgia Institute of Technology 2025
- William R. Hearst Scholar, Georgia State University 2025
- Emerging Leaders in AI Fellow, Black in AI (BAI) 2024
- NCWIT Scholar, IEEE Black Issues in Computing Education (BICE), *Dominican Republic* 2023
- Benjamin Gilman International Scholarship, *Bali, Indonesia*, U.S. Department of State 2023
- Sprout Social Scholar, United Negro College Fund (UNCF) 2023
- WomenLead Scholar, TEDWomen Conference 2023
- Special Mention Award, Morgan Stanley Hackathon 2022
- Software Engineering Fellow, Management Leadership for Tomorrow (MLT) 2023
- Dell Scholar, WomenLead 2022

TALKS & WORKSHOPS

- **Instructor**, Critical AI Literacy Workshop by School of Information, University of Michigan 2026
- **Presenter**, Building Community for Graduate Applications, by ACM Richard Tapia Conference 2026
- **Presenter**, Student Voice in Action: AiiCE Student Advisory Board 2026
- **Presenter**, Year of Life-Changing Education by Wolverine Pathways, University of Michigan 2025
- **Speaker**, PhD Admission Advice Column by School of Information, University of Michigan 2025
- **Panelist**, Faculty Talk, Cultural Competence in Computing (3C) Fellows by Duke University 2025
- **Panelist**, Women History Month Celebration by WomenLead 2024
