INTERESTS

AI in Education, Critical AI Literacy, Critical Design, Human-Computer Interaction

EDUCATION

University of Michigan Doctorate of Philosophy in Information Just Tech Lab - <i>Advised By:</i> Dr. Patricia Garcia	08/2025 — Present Ann Arbor, Michigan
Georgia State University, GPA: 4.05/4.00 Bachelor of Science in Computer Science, Concentration in Data Science, Minor in Sociology	08/2021 — 05/2025 Atlanta, Georgia

PUBLICATIONS

- **Ashlyn Campbell**, Angela D.R. Smith. The Double Bind: Understanding Equity in the Context of Generative AI in Computing Education. ACM Conference on Research on Equity and Sustained Participation in Engineering, Computing, and Technology (RESPECT) 2026

RESEARCH PROJECTS

Candidacy Proposal at the University of Michigan, School of Information • <i>Full Study Design of Student Experiences with Generative AI Systems</i> – Scoped literature for a comprehensive review of existing knowledge on benefits, challenges, and opportunities for generative AI systems in computing education. – Conducted interviews with undergraduate students who took computing coursework to understand their experiences adopting generative AI systems for programming use cases.	05/2026 – Present
Student Researcher at the University of Michigan CSED Research Group • <i>Data Collection of Faculty Experiences with Active Learning Methods</i> – Conducted interviews with post-secondary faculty to understand their challenges in adopting Peer Instruction. – Worked on the user experience for students who use the interactive textbook platform Runestone Academy.	01/2026 – 06/2026
Student Researcher at Critical Participatory Action Research Course (led by Dr. April Baker-Bell) • <i>Research Assessment of BMEA Youth Leadership Development Program</i> – Conducted focus groups with the parents of students in the program to understand the impact of BMEA initiatives. – Worked alongside a collective of researchers to code interviews and memos on initial findings.	01/2026 – 05/2026
Undergraduate Researcher at Clemson University Human and Technology (HAT) Lab • <i>Systematic Review of Human-Centered AI Systems</i> – Coded and synthesized human-centered AI research to identify patterns in human participant demographics, design characteristics, study methodologies, and evaluation practices. • <i>Data Analysis of Computing Educator Interviews</i> – Applied grounded theory methods to analyze instructor interviews across R1 institutions. – Synthesized findings to inform evidence-based recommendations for equitable pedagogical approaches.	01/2025 – 05/2025

TEACHING

Co-Instructor at the University of Michigan School of Information Summer Camp • Designed curriculum and led the workshop “Thinking Critically About Large Language Models” centered on critical AI literacy for high school students focused on the logic of large language models (LLMs) and beginner Python instruction.	07/2026 — 07/2026
Co-Instructor at Black Girls Code • Taught 25 students aged 9-15 computer science concepts and beginner game design fundamentals with Endless Studios.	05/2026 — 07/2026
Undergraduate Teacher Assistant at Georgia State University <i>Introduction to Python Programming 2 & Software Engineering Capstone</i> • Worked with professors to manage grading and office hours sessions for course sizes of 100-200 students.	09/2023 — 05/2025
Mathematics Student Assistant at Georgia State University <i>College Algebra</i> • Delivered 1:1 tutoring for recession courses to over 300 students.	09/2021 — 05/2022
Mathematics Tutor <i>Elementary Math, Geometry, and High School Algebra 1&2</i> • Taught K-12 students at local community centers & virtual zoom environments.	10/2020 — 04/2022

MENTORSHIP & OUTREACH

- **Program Assistant**, University of Michigan, Rackham PACE (Rackham Merit Fellowship) 05/2026 — Present
Manage the design and development of the Canvas, Dropbox, and student database.
- **Advisory Board Member**, Alliance for Interdisciplinary Innovation in Computing Education 03/2025 — Present
- **Ambassador**, University of Michigan, Rackham PACE (MSI Connect) 10/2025 — 05/2026
- **Program Coordinator & Founder of Stars**, RISE in Computing 05/2023 — 05/2025
Created a network of 50+ freshmen Black women, 25+ junior/senior Black women to increase retention through community-centered projects and research.
- **Mentor**, IAMSTEM 05/2025 — 07/2025
Led weekly sessions with high school students to share guidance on computer science.
- **Executive Board Member**, National Society of Black Engineers (NSBE) 09/2023 — 06/2024
Designed artifacts for media and communications on programming for students.

INTERNSHIPS

- Lawrence Livermore National Laboratory**, *Machine Learning Researcher* 05/2025 — 08/2025
Data Science Summer Institute (DSSI)
Developed deep learning models for low data volumes to inform stakeholders of potential solutions.
Tools: Python (PyTorch, Sklearn)
- Microsoft**, *Software Engineer* 06/2024 — 09/2024
Collaborated on the user interface design of Copilot for Microsoft 365 by optimizing the cloud-based application integration.
Tools: TypeScript
- Collins Aerospace**, *Software Engineer* 01/2023 — 08/2023
Improved field personnel efficiency and quality of procedures through automated scripting of software assessments.
Tools: Python (Matplotlib, Pandas, Numpy), C++
- Georgia Community Action Association**, *Data Analyst* 05/2022 — 01/2023
Created and presented extensive data-based outcomes for informed decision-making across Georgia agencies.
Tools: Python, Tableau

AWARDS & FELLOWSHIPS

- Graduate Research Fellow, National Science Foundation (**18%** acceptance rate - NSF GRFP) 2026
- GEM Fellow, The National GEM Consortium 2025
- Rackham Merit Fellow, University of Michigan 2025
- Outstanding Senior Award in Computer Science, Georgia State University 2025
- FOCUS Scholar, Georgia Institute of Technology 2025
- William R. Hearst Scholar, Georgia State University 2025
- Emerging Leaders in AI Fellow, Black in AI (BAI) 2024
- NCWIT Scholar, IEEE Black Issues in Computing Education (BICE), *Dominican Republic* 2023
- Benjamin Gilman International Scholarship, *Bali, Indonesia*, U.S. Department of State 2023
- Sprout Social Scholar, United Negro College Fund (UNCF) 2023
- WomenLead Scholar, TEDWomen Conference 2023
- Special Mention Award, Morgan Stanley Hackathon 2022
- Software Engineering Fellow, Management Leadership for Tomorrow (MLT) 2023
- Dell Scholar, WomenLead 2022

INVITED TALKS

- **Presenter** “Building Community for Graduate Applications” ACM Richard Tapia Conference 2026
- **Presenter** “Student Voice in Action” Duke University, AiiCE Student Advisory Board 2026
- **Presenter** “Year of Life-Changing Education” University of Michigan, Wolverine Pathways 2025
- **Panelist** “Student to Faculty Conversation” Duke University, 3C Fellows 2025
- **Panelist** “Women History Month Celebration” Georgia State University, WomenLead 2024
